Notes
¹ The Pre-Application fee registers interested applicants whom will choose optional support services for guidance through application process. See Optional Services section of the table.
² The Program Extension is issued on an exception basis. This is used primarily to acknowledge an existing proposal (in good standing) is in expired status, while a renewal is being evaluated for acceptance.
³ Additional expenses will be charged where applicable. Fees are non-refundable.
⁴ Optional Services are governed by BCSA Policy (POL-3093-00). They are intended to offer support to clients seeking a better understanding of regulatory requirements and compliance options. Optional Services will not provide methods, approaches, or descriptions of how to achieve compliance, however can provide an evaluation of a clients proposed method or approach. Services are subject to resource availability.
⁵ The hazard category for oversight fees for Safety Management Plans is the value calculated in accordance with directive D-A7 110609 and as outlined in ASA guidance document MAN 4034-02. For SMPs with multiple sites, the value will be determined by the site with the highest hazard category.
